JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Something New

DRAPERY AND DECORATIVE SCHEMES AT REASONABLE PRICES

The New York Designing Co. is a combination of strictly first-class talent in decorative lines, under a competent and well-regulated business management, and although the designers comprise the best men in their lines in several large cities, the Company have their office and business centre at 70 Fifth Ave., New York City, where they are prepared to show samples of their work, or answer all questions at any time.

The object of this Company is to supply decorators and drapery departments with strictly first-class water color sketches, consisting of new and "up-to-date" designs for draperies of all descriptions, as well as decorative schemes in harmonious coloring showing side wall and ceiling, woodwork, furnishings and fittings complete. These decorative schemes are not confined to the use of wall papers, but embrace a complete harmonious decorative scheme, not only of well-known epochs, but of modern ideas as well.

Bear in mind, these designs are not lithographs or in any way reproductions, but in every case strictly original water color drawings, covering a broad field (both in drapery and decoration), not only in color schemes, but in character of designs as well. Every design is copyrighted, and as they do not bear the imprint of the Company may stand as your own production. There is nothing crude or amateurish about them, as they are the work of first-class designers, each in his special field. These designs are 13 in. x 8½ in., mounted on stiff board 20 in. x 14½ in., and all of uniform size. The prices are $24.00 a dozen, or $3.00 singly, in lots less than a dozen. A noteworthy feature is the fact that each and every drapery design has the quantities and materials plainly marked on the back, so that an estimate may be made in a very few moments, while the customer waits.

It is the intention of this Company to enlarge their field in a short time, but we are prepared now to furnish drapery and decorative schemes at the prices quoted above, and when it is borne in mind that such schemes in color from a trained hand cannot be procured for less than $20.00 each, the great value of the designs offered, to drapery departments and decorators, who desire good and up-to-the-time work at moderate prices, will be seen at once.

Our terms are strictly cash, and we can make no exceptions to this rule. The designs may be procured at our office. Mail orders will receive prompt attention. Remit by postal note, money order or draft on New York. If desired we will send the designs by express, C.O.D., with privilege of examination, return charges to be paid by consignee if sketches are returned.

In addition to this the Company is prepared to fill special orders in all lines of decorative work, such as interiors, furniture, stained glass, drapery or metal work, at prices reasonable in comparison with the quality of the work.

Our recommendations are these: the designs are strictly first-class, new and original; they are executed carefully and thoroughly in water colors, not mere sketches, but finished schemes; they are not the work of amateurs, but of first-class designers, and far exceed in every way anything ever put on the market at anywhere near the prices. A trial will demonstrate these facts beyond dispute.
